There will be daily activities during the week, for the months of July and August. We are starting with a Meet & Greet on Monday, July 4<sup>th</sup> at Blue Mountain Park.

Please note:

- this community based group is for youth ages 15 – 24 who have developmental disabilities
- The youth team cannot provide one to one support, youth who require this support are very welcome to bring their own support person.
- **At the meet and greet, there will be some important paperwork for parents/caregivers to complete.**
- Youth and their families are responsible for transportation to and from each event, as well as for any costs of activities.
