

Sib Groups at CFA!

One of the most important relationships in the lives of kids is that with their brothers and sisters. Children who have siblings with special needs experience unique benefits and challenges throughout these relationships. The BC Centre for Ability Social Work Department is pleased to continue providing groups for siblings and parents of children who have special needs.

Join us on Oct 4th to see what it's all about.

Kids (7-12 years), join us for some fun activities and get a chance to meet other brothers and sisters of kids with special needs while you learn more about the upcoming Super Six Week Series for Sibs! Light snacks will be provided.

Parents, have a coffee or tea in the room next door, meet other parents, and learn more about the benefits of sib groups. Details about this one-time drop-in group below:

Date: Tuesday October 4th, 2011
Time: 5:00 — 6:30 p.m.
