

# LET'S GROW OUR SAVINGS: THE BENEFITS OF AN RDSP

*Presented by Vancity, Wealth Management*

Come to this workshop and learn about the difference between a Registered Disability Savings Plan (RDSP) and other Registered Plans, what's needed to qualify, and how to get enrolled.

***Did you know that the Government of Canada gives out grants and bonds to eligible RDSP plan holders – even when they don't have the money to contribute themselves?***

If you have found the process of opening a plan too difficult, or you have been denied the disability tax credit – you're not alone! Our experts will advise you on the next steps while sharing case studies of how a RDSP can meet a variety of savings goals.

In sum, whether the plan holder is a young child, young adult, or older adult, there is value in opening an RDSP and a significant amount of government support available. This education session will appeal to individuals, family members, caregivers, and trustees who are searching for an investment vehicle that supports their goals and does not disrupt other benefits, such as Person With Disabilities (PWD) income.

Thursday, March 14, 2019 | 5:30 - 7:30pm

Fresh pizza & refreshments included!

**posAbilities Empower Boardroom**

Suite #240 –  
4664 Lougheed Highway,  
Burnaby
